A PROGRAM OF THE REGIONAL OFFICE OF EDUCATION #8

Helping your child learn, grow and develop to realize their full potential.

YOU ARE YOUR CHILD'S MOST IMPORTANT TEACHER!

- Children learn most from the people they love – their parents.
- The Parent Enrichment Program believes parents are the experts on their children and deserve support in their parenting role during those first early years.
- Our program is designed to assist you as your child's first and most important teacher, and to help promote a strong and healthy parent-child relationship.

WHAT'S IN IT FOR YOU?

Parent Enrichment Program is a free parent support and education program that provides the following:

PERSONAL VISITS

Since this is your child and your family, you set the agenda for each personal visit. Your parent educator is there to provide well-researched information to help you make informed parenting decisions, and to provide concrete support for you in times of need.

GROUPS

Group Connections/Play Groups also create a network for you and other parents to learn and support each other, and grow together as parents.

CAR SEAT SAFETY CHECKS

We provide car seat safety checks by certified car seat technicians.

SCREENINGS/EARLY LEARNING CHECK UPS

Regular screenings during your visits will make sure your child is healthy, safe, and developing on track.

RESOURCES

Need more help or a special resource? Your parent educator will make the introduction and connect you.

INFANT MASSAGE

Our certified infant massage instructors are available to demonstrate massage techniques and discuss all the benefits of massage.
